

COVID-19 Situation Update for Alleghany County

March 12, 2021

This document is intended to provide a regular update on the local response to COVID-19 in our communities and timely, trended data related to COVID-19. This report will be published on Fridays.

“The COVID-19 vaccines available now are safe, effective and available for free. We have full confidence in these vaccines and hope people will take the vaccine that is offered to them when it’s their turn. These vaccines help protect you from COVID-19 and are very effective in preventing hospitalization and death,” stated Jennifer Greene, Health Director, AppHealthCare.

Vaccinating Makes Everyone Safer - COVID-19 Vaccine Update

Our vaccine allocation for the week of March 15th will include 200 first doses and 300 second doses.

Who is eligible for vaccines?

The active groups for vaccination are health care workers with in-person patient contact, long-term care staff and residents—people in skilled nursing facilities, adult care homes, continuing care retirement communities (Group 1), anyone 65 years or older, regardless of health status or living situation (Group 2) and frontline essential workers (Group 3).

How is equity being addressed in Alleghany County?

Equity is an important and significant factor to address during the COVID-19 pandemic, especially as it pertains to the COVID-19 vaccine. In Alleghany County, those who need help with transportation can use the [Alleghany in Motion \(AIM\)](#) transportation service to get to various destinations. For those who are in need of interpreters, we have interpreters available to help with your vaccine appointment. Also, some people are unable to leave their homes due to lack of accessibility, location, disability, etc. and we are able to offer vaccinations at someone’s home by scheduled appointments.

Does Allegheny County offer transportation services during the pandemic?

[Allegheny in Motion \(AIM\)](#) is the county's public transportation system and provides transportation within and to destinations beyond Allegheny County including elderly and disabled transportation, general public transportation, and medical transportation including approved Medicaid appointments. Employment transportation is provided in Allegheny County only. Contact 336-372-8747 for questions.

COVID-19 Vaccine Data

How many doses of vaccine do we have?

First Doses (Data as of March 12, 2021)		
Week of March 8th Allocation	Total First Doses Accepted	Total First Doses Administered
200	2,710	2,658

Pfizer vaccine vials can contain extra doses so this is the reason the administered doses is higher than the received doses.

Second Doses (Data as of March 12, 2021)		
Week of March 8th Allocation	Total Second Doses Accepted	Total Second Doses Administered
100	2,100	1,735

The total doses of vaccine received includes the vaccine that was transferred to us from the hospital.

People Eligible for Vaccine

This is an approximate number of those who are eligible to receive vaccines in Groups 1, 2, 3 and 4. These are individuals who remain on our interest form list and who we have not yet reached out to to schedule an appointment. For Groups 3 and 4, we are using both our interest form list and coordinating with employers directly to schedule appointments, therefore this number does not represent all frontline workers eligible for vaccines in each county.

People Eligible for Vaccine (Data as of March 12, 2021)	
Allegheny	43

The vaccine will be offered **free of charge to everyone** whether or not you have health insurance. To learn more about the COVID-19 vaccine, visit our website [here](#) or NC DHHS's website [here](#).

Key Points

Case Updates

For the week of February 28-March 6 (graphs below), the number of new cases increased and those are in quarantine decreased.

Statement from Alleghany Health

"We are continuing to provide a safe environment for our community members, to receive emergency care services where they live. Our staff are here to support and provide for our community's healthcare needs on a 24/7 basis. With the addition of Urgent Care as a new service line, within the hospital clinic of Alleghany Health Service (in pilot mode), we are offering Urgent Care services Mon-Fri 8am-1pm. We have top notch providers and staff who are ready to care for you, during a medical emergency." - statement from Alleghany Health

NC DHHS County Alert System Notes Significant Community Spread for Alleghany County

In the latest update, Alleghany County is **YELLOW** which notes significant community spread. This system outlines actions we can take to lessen the impact and spread in our community. You can read more about the [County Alert System on NC DHHS's website](#).

NC Counties by Tier: Data from February 14 through February 27, 2021

We continue case investigation and contact tracing efforts to reduce the spread of COVID-19. If you receive a call from a member of our case investigation or contact tracing team, we urge you to cooperate and provide information that will help us conduct response efforts. You may receive a call from (844) 628-7223 or (828) 264-4995. It may also show up as "NC Outreach" or "Contact Tracing." Your cell phone carrier may flag the call as spam. It is so important to answer the call of a contact tracer. It is a key tool in slowing the spread of this virus.

Personal Protective Equipment (PPE) levels remain stable in most areas.

Testing

If you have COVID-19 symptoms or have been exposed to someone with COVID-19 (regardless of whether you have symptoms or not), we recommend you be tested. You can [check your symptoms](#) and determine if testing is needed. To find a testing site near you, visit [NC DHHS's Find My Testing Place](#).

Turnaround Times for Testing remains between 2 and 4 days. NC DHHS provides data on testing turnaround times. This data is updated daily and can be found [here](#).

Free COVID-19 Testing at AppHealthCare by Appointment. We offer testing on Monday and Thursday each week unless otherwise noted. Please do not just show up for testing. We request that you schedule an appointment through our [website](#) or by calling our COVID-19 Call Center at (828) 795-1970.

Testing is also offered by appointment at Alleghany Family Practice at (336) 372-5606 and other local healthcare providers may offer testing as well.

Active Outbreaks and Clusters

Data is provided for outbreaks and clusters that are active and ongoing. The number of cases for outbreaks and clusters are current as of each Thursday at 9:00am. The case counts vary day by day as new cases are identified and as cases are moved in and out of isolation. This data may not match other reported data since this is a point in time. As we conduct outbreak and case investigations, the data included in this report are subject to change. For a current case count, visit the [AppHealthCare data dashboard](#), which is updated daily by noon.

An outbreak is defined as two or more laboratory confirmed cases. A cluster is defined as a minimum of five cases with illness onsets or initial positive results within a 14-day period and plausible epidemiologic linkage between cases. An outbreak or cluster is considered over if 28 days have passed after the latest date of symptom onset in a symptomatic person or first date of specimen collection from the most recent asymptomatic person, whichever is later. Additional information on the [definitions of outbreaks and clusters](#) is provided by the North Carolina Department of Health & Human Services. NC DHHS also provides regularly updated information on [outbreaks and clusters](#).

Active Outbreaks & Clusters

Data is current as of Thursday, March 11th

Facility or Setting Type	Facility or Setting Name	Active Cases	Cumulative Cases	Last Positive Result
No active outbreaks/clusters at this time.				

Mitigation and Response Efforts

- Ongoing testing continues to monitor the health of residents in skilled nursing facilities
- Ongoing testing continues to monitor the health of residents in residential group home
- Educational outreach on COVID-19 prevention, communication, internal and external
- Positive cases are separated from others to allow for safe isolation
- Monitoring of positive cases continues with public health staff

Demographic Data from NC DHHS as of March 8th

March 8, 2021

Data for Alleghany County

An important note about data context: The graphs below show the available data. Please carefully read the descriptions below the graph to understand the data limitations. The most current data is available on the [AppHealthCare dashboard](#), as the data below is past data trended.

Important Disclaimer About Data

It is imperative that this report and the data contained within is understood in the appropriate context. Please, if you use this report, please be certain that the information included within is shared within the appropriate context. Doing otherwise may be damaging to the public health response efforts. There are multiple factors involved in addressing this virus, including compliance with public health control measures implemented by the local health director and referenced in NC GS 130A. These measures are imperative for limiting the spread of COVID-19. **AppHealthCare strongly advises that when data is shared for the purposes of educating the public or informing policy decisions, it should come directly from NC DHHS or AppHealthCare as it is presented with appropriate context from those directly involved in public health response.**

**Cumulative Case Count by Week in Alleghany County
(January 24, 2021 - March 6, 2021)**

CUMULATIVE CASE
COUNT
(As of 3/6/21)

884

The solid navy blue line in this graph represents the number of positive COVID-19 cases among Alleghany County residents by week. This graph also shows the number of non-residents that have tested positive for COVID-19 but reside in another county.

**Number of Active Positive Cases by Week in Alleghany County
(January 24, 2021 - March 6, 2021)**

The graph represents the number of active COVID-19 positive cases by week in Alleghany County. A positive COVID-19 case is considered active for ten days after the initial positive test result.

**Total Weekly Tests Reported vs. Weekly Positive Case Count in Alleghany County
(January 24, 2021 - March 6, 2021)**

This graph represents the number of COVID-19 positive cases by week in Alleghany County compared to the total number of reported tests that were completed by AppHealthCare and outside agencies each week in Alleghany County.

**Number of People Being Actively Monitored by Week in Alleghany County
(January 24, 2021 - March 6, 2021)**

This graph represents the total number of Alleghany County residents that AppHealthCare staff have monitored due to being exposed to a confirmed COVID-19 case. Individuals are notified and asked to quarantine and monitor for symptoms for fourteen days.

Additional data can be found on [AppHealthCare's data dashboard](#). This data is updated each day around noon.
